

ATV and UTV Operator

for General Industry in British Columbia

4 HOUR AWARENESS COURSE - 8 HOUR OPERATOR COURSE

Our ATV and UTV Operator course has been developed for those with an occupational requirement to be trained to safely undertake work activities that involve the operation of an All Terrain Vehicle (ATV) and/or a Utility Terrain Vehicle (UTV).

The goal of this course is to help you better understand what a ATV and UTV Operator responsibilities are and how to manage those responsibilities to protect your health and safety and your co-workers.

This ATV and UTV Operator course will also establish an understanding of the statutory requirements of the federal COHS, Provincial and Territorial OH&S legislations.

We will achieve this through discussion, by participating in skills practice and operator performance evaluation.

This course will provide the participant with the necessary knowledge regarding;

- ▶ ATV and UTV Features and Safety Equipment.
- ▶ Job Hazard Assessment.
- ▶ Pre-Operational Inspection.
- ▶ Safe Operation and Riding Skills.
- ▶ Travelling with and without a load, towing a trailer.
- ▶ Turning and traversing slopes, climbing and descending hills, crossing obstacles and stability factors.
- ▶ Leaving the Operator's Position.
- ▶ Transporting ATV's and UTV's.

OH&S SAFETY CONSULTING AND TRAINING SOLUTIONS LTD.

OH&S Safety Consulting and Training Solutions is a leading provider of industrial safety training, consultation, and equipment in Kamloops and the rest of Western Canada.

Our goal is to provide you with the most current and up to date training available in all aspects of Work Place Safety. The Certifications you will receive from OH&S will be Nationally Accredited and allow you to work safely on job sites across Canada.

Our selection of safety courses and training offer you nationally accredited training that is both comprehensive and easy to understand. We strive to make the learning experience comfortable and convenient. This means going above and beyond in making sure that our students understand the curriculum and are able to demonstrate competency in their performance.

ON-SITE TRAINING

Phone and ask us about safety courses and training conducted at your workplace. Even if you need a course that is not currently on our calendar, we will try our hardest to help you meet your training needs. We strive to be a flexible training provider and that means providing our clients with high quality training when and where they need it.

COURSE DEVELOPMENT

Does your business need fully customized safety courses and training? Or do none of the current course offerings fit your needs? Ask us about customized and professional course development for your workplace. We will incorporate materials and information related to the work you do. Custom training is more engaging because employees see the relevance and applicability of what they learn.
